

YSI Pro10

PORTABLE pH/ORP & TEMPERATURE METER

pH/ORP and Temperature Meter

The **YSI Pro10** pH and ORP meter is a rugged, user-friendly instrument for the measurement of either pH or ORP along with temperature. Standard pH and ORP sensors are available for field cables while the amplified pH sensor is recommended for deeper or colder waters.

In addition to its impact-resistant, waterproof case, the Pro10 has features that make field sampling faster and easier.
